A woman with long, curly brown hair is the central focus, wearing a dark grey business suit consisting of a blazer and a knee-length skirt. She is looking slightly to her left. In the background, a man in a dark suit and patterned tie is looking down, possibly at a car wheel. The setting is outdoors with a building and a cloudy sky in the background.

POWER LINE

INTRODUCING THE NEW
REDWOOD & ROSS™ COLLECTION

Redwood & Ross™ –
an exclusive brand and
part of our heritage since
1950. One look is all it
takes to appreciate the
rich, custom fabrics and
tailored refinements that
elevate and distinguish
Redwood & Ross™.
For good reason, we've
stayed true to our heritage
of providing premium,
sophisticated garments
to discerning clients.

TAILORED FIT

Distinguish yourself in a suit
to complement what matters most.

FINEST FABRICS

Suiting made from the best materials
to ensure you look your finest.

A photograph of two women in business suits walking on a staircase. The woman in the foreground is in sharp focus, wearing a dark grey blazer over a light blue turtleneck and dark grey trousers. She has curly hair and is looking to the left. The woman in the background is out of focus, wearing a similar suit. The background shows a blurred view of a building's interior with a grid pattern.

NOT SO BASIC
basics.

A man with short brown hair and a light beard is shown in profile, looking to the left. He is wearing a dark grey suit jacket over a light blue dress shirt and a yellow tie with dark blue polka dots. He is adjusting the buttons of his jacket. He is wearing a watch on his left wrist. The background is a blurred brick building with windows and some greenery.

A woman in the foreground is wearing a vibrant orange long-sleeved button-down poplin shirt tucked into dark navy blue cargo pants with a tan belt. She is looking off to the side. In the background, a man is wearing a blue short-sleeved button-down poplin shirt tucked into dark navy blue cargo pants with a tan belt. He is also looking off to the side. The setting appears to be an outdoor urban or industrial area with concrete structures.

BETTER FIT

FOR ANY SHAPE

A photograph of three models (two men and one woman) wearing khaki microfiber pants. The man on the left is wearing a light green polo shirt and has his hands in his pockets. The woman in the center is wearing a light purple long-sleeved shirt and is smiling, with her hands on her hips. The man on the right is wearing a bright blue long-sleeved shirt and is smiling. A horizontal green bar is overlaid across the middle of the image, containing the product name and features.

A man with short blonde hair is smiling and looking towards the camera. He is wearing a bright orange long-sleeved button-down shirt under a dark grey apron with thin white vertical stripes. The apron has a matching striped tie at the waist and a pocket on the left side. He is standing in an outdoor cafe or restaurant area with white tables and chairs. In the background, there is a blue metal railing and a street lamp. The overall scene is bright and clean.

Virtual proofs can be emailed at no charge.

HOW TO MEASURE

Our garments are cut to accommodate active working conditions. Here's how to get the correct size and ensure a comfortable fit.

LADIES'

MEN

Be sure to measure your body. Do not measure over shirts or slacks. Hold tape measure close but not tight against the body.

Bust:

Measure across fullest part of bust/ chest keeping arms relaxed at sides. Keep tape measure straight and parallel to the floor.

Waist:

Measure at your natural waistline at its smallest part.

Low Hip:

Measure the widest point of your hip, approximately 8" below your natural waist.

High Hip:

Measure the protruding points of your hip bones, approximately 3" below your natural waist.

For men, as a general rule, the number of inches measured will equal your size, when measured correctly. Be sure to measure your body. Do not measure over shirts or slacks.

Neck:

Measure around base of neck (lowest part). Number of inches equals neck size.

Sleeve Length:

Start from the center of the back of neck and measure across the shoulder to the elbow and down the wrist.

Chest:

With arms at sides, measure across fullest part of the chest, under arms and across shoulder blades. Keep tape measure straight across back.

Waist:

Measure your natural waist at the height you normally wear your pants. Keep the tape measure firm but not tight.

Inseam:

Measure the inside of your leg from crotch down to the top of the shoe. Or, measure a similar style of pants that fit well. Measure from the crotch seam to the hem.

Low Hip:

Measure the widest point of your hip, approximately 8" below your natural waist.

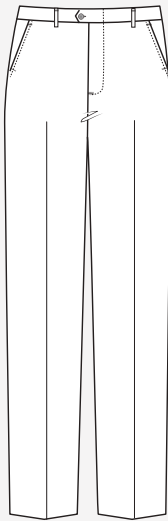

FIND YOUR FIT

Our garments are cut to three standard fits for more uniform sizing. See individual product descriptions.

SLIM

Modern silhouette with a slim cut to fit close to the body and chest, narrow sleeves, tapered through the waist

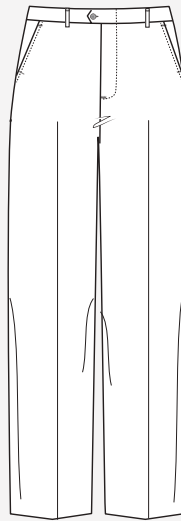

Sits below waist, closest fit to body, tapered through hip, seat and thigh, straight or tapered leg opening and flat front

TAILORED

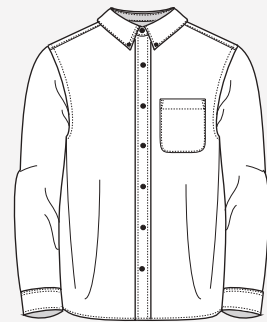

Classic silhouette with a trim cut through the body and chest, trim sleeves

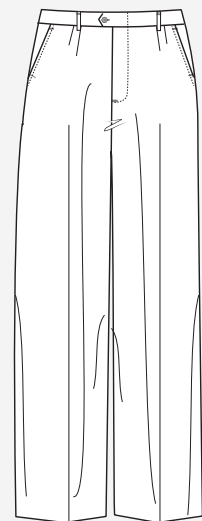

Sits slightly below waist, fitted through hip, seat and thigh, straight or tapered leg opening and flat front

TRADITIONAL

Full silhouette with a generous cut and more room in the body, chest, waist and sleeves

Sits at waist or slightly below the waist, relaxed through hip, seat and thigh, straight leg opening, pleated and flat front

MEN'S SIZE SCALE GUIDE

TERMINOLOGY

 **Tuff-Pil® Plus High-Tech Acrylic** fibers used for uniform ready sweater apparel offer low-pil performance, colorfast and durability. The garment is designed to last 30–50 home wash cycles.

 **Moisture Wicking** fabric draws moisture away from your skin transferring it to the outer surface keeping you cool, dry and comfortable.

 **Soil Release** finish provides for easy care with recommended soil treatment. The release allows stains to be removed more easily during laundering.

Stain Release finish wicks away moisture, helps most stains come out in the wash, and leaves the fabric soft and breathable.

No-Iron fabric is specially treated to prevent wrinkles and the taped seams are fused to keep the shirt crisp and wrinkle free.

 **Wrinkle Resistant** fabric is treated to resist wrinkles and the garment holds its shape with multiple washes.

UV Protected means more fun, less sun. The dry-mesh fabrics block harmful UV rays with up to a UPF 50 factor.

 **Natural Stretch/Comfort Stretch** fabric is engineered to provide natural stretch, flexibility and comfort.

 **Repreve®** fiber contains recycled materials – including plastic bottles. When you see this symbol on the tag, remember: It's what's in it that makes it recycled. With Repreve®, you can be sure you're creating a reprieve for the planet.

 **Home Launder/Machine Washable** is a product designed to be washed in small-batch, mild temperature conditions typical of home machine washers. The garment is designed to last 30–50 wash cycles or more.

 **Industrial Launder** friendly is a product designed to withstand the large-batch wash/dry/press and high temperature conditions prevalent in industrial and commercial laundries. The garment is designed to last 50 wash cycles or more. Bleach and other chemicals are generally not recommended as they decrease durability, customers should test product before using it in environments with chemicals and/or very high temperatures before deciding to use the product at their own risk.

 **Tuff-Tested®** garments have passed testing in the field to last week after week in any light work environment. To achieve this resilience, the right fabrics, trims and finishes are selected to enhance the life of the garment. These garments are designed to last 50+ wash cycles and to withstand the large-batch wash/dry/press and high temperature conditions of industrial laundry.

 **Snag-Proof** garments resist snags wear after wear. Don't believe it? Try a wire brush!

 **FASHION** style is one that has been created with current trends and fashion in mind. These fashionable styles will stay in the catalog for a minimum of 5 catalog years.

 **Water Resistant** garments are coated with DWR (Durable Water Repellent) finish that lets water bead up and roll off.

 **Waterproof** garments keep you dry with DWR (Durable Water Repellent) finish and a fully seam-sealed interior.

We are proud to be a member of Sustainable Apparel Coalition (SAC), a group of over 200 global brands and retailers committed to improving supply chain sustainability in the apparel and textile industries. As part of our participation with SAC we are committed

to promote and monitor social compliance and to implement sustainability measurement tools like the Higg index to drive environmental and social responsibility in our supply chain.

OUR QUALITY COMMITMENT

At Edwards, before the label goes onto our apparel, quality and workmanship go into making it. The result is professional apparel that's stylish, flattering in its fit and appearance, and so reliably durable that it gives new meaning to wash and wear, and wear and wear. We know as well as anyone that what your employees wear is a reflection of your brand and you expect *clothes that work*, so we use quality fabrics, trims and finishes that enhance the life of the garment.

Edwards confidently stands behind every garment we make. If for any reason we fail to live up to your expectations, we will do whatever we can to make things right. It's no wonder Edwards is the dominant brand extensively used in major industries ranging from hotels and restaurants to casinos, healthcare and countless others in-between. You see, every day for over 50 years, millions of people have gone to work wearing Edwards.
